

## Call for VITA Volunteers in San Marcos!

Next week is the start of tax season here at Interfaith Community Services - *unbelievable!*

Although we have a number of volunteers to help process returns for our Escondido office, we have *no volunteers* scheduled to work in San Marcos. If we are unable to staff the San Marcos location, we will fall short in providing this vital service to people central in our community, and we'll miss the chance to contribute to their self-sufficiency.

Last year, Interfaith volunteers helped 1,900 people in the low income sector with their tax returns (simple, easy to process returns). With your support, we can be there for them again in various North County locations. This truly unique volunteer opportunity is a gratifying one -- when you give people the news they will be getting \$\$\$ back from the IRS, you generate A LOT of EXCITEMENT!

If there is any way you can help (Greeters, Tax Preparers, Quality Reviewers and Translators), or if you know of someone that is looking for a short-term, results-driven, delightful volunteer assignment, please contact:

Jazmin Hernandez

VITA Coordinator
